Make Your Own Drum Out of Empty Food Containers

Supplies:

- Empty cylinder shaped food containers (tin cans, cardboard oatmeal containers, etc.)
- Balloons (can substitute packing tape if balloons are unavailable)
- Rubber Bands
- Scissors
- A pair of drumsticks or unsharpened pencils
- Construction paper, tape, stickers, glitter, etc. for decorating (optional)

Directions

1. Decorate your can or container as you please
2. Cut the long, skinny part at the bottom of the balloon off and discard
3. Stretch the top part of the balloon tightly over the opening of the can or container
4. Secure the balloon snugly with a rubber band
5. Your drum is ready to play! Use your drumsticks or pencils to pound out a beat!
