SNO-ISLE LIBRARIES

1. Project Background and Description

Overview

Sno-Isle Libraries is seeking architectural and engineering services to prepare construction, design, specification, and planning documents. Services will include architectural drawings for use in construction cost estimating, bidding, and contracting as well as permitting by local jurisdictions. This request invites qualified professional architectural and engineering firms to submit a statement of qualification that are interested in providing services on an open-order basis.

Deadline for Submittals

Responses will be accepted until **2:00pm, July 29, 2022**. The selected firm for this project would need to negotiate and execute a contract immediately after selection notification and begin necessary responsibilities after selection.

Background

Sno-Isle Libraries is a two-county public library district serving more than 800,000 people in Snohomish and Island counties through 23 community libraries, mobile, and online library services. The organization is headquartered at its Service Center in Marysville, Washington.

Vision / Mission / Strategic Goals

Vision

Everyone in our community is connected to their library.

Mission

We engage and inspire our communities through **equitable access** to knowledge and resources.

Strategic Goals

Create inspiring spaces so that customers and staff experience spaces that are welcoming, inclusive, easy-to-use, and support current and emerging library use.

Enhance library services so that everyone can engage in experiences they value.

Optimize library funding so that we can continue to be good stewards of our finances and work to secure additional private and state/federal funds.

Invest in our people and organization so that we are resilient, equitable and regenerative and our staff have the support and resources they need.

2. Project Scope

General Scope of Services

Qualified consultants must have experience with public agency facilities, with public library experience preferred. The following is a General Scope of Services explaining broad areas of consideration. A more detailed Scope of Services will be negotiated with the selected consultant(s):

Architectural and Design Services

Provide professional services to prepare construction, design, specification, and planning documents. Services will include architectural drawings for use in construction cost estimating, bidding, and contracting as well as permitting by local jurisdictions.

SNO-ISLE LIBRARIES
