

Welcome to the last Sno-Isle Libraries Educator Newsletter of the 2024-2025 school year! Read on for everything you need to plan for summer learning.

Level Up at Your Library

[Summer Reading](#) at Sno-Isle Libraries starts June 1! All reading counts, including listening to audiobooks, reading to a sibling, and more.

Kids and teens who read for 10 hours will get a free book and patch. For each additional hour they read, they'll get to vote for something to "level up" their local library space.

Spread the word to your students with powerpoint slides, digital bookmarks,

and booklists from our [Summer Reading School Toolkit](#).

Life Beyond High School

Whether life beyond high school means college, the workforce, or another path, Sno-Isle has resources to help students succeed after graduation.

Explore career options and prepare for vocational tests with [Peterson's Test Prep](#). Take free practice tests, including the SAT, GED, and more. Plus, match your interests to potential careers.

Get support writing resumes and cover letters. Upload your materials to get professional feedback from tutors at [Brainfuse HelpNow's Resume Lab](#).

Develop new skills to reach your career goals. Take online courses in Photoshop, Microsoft Excel, computer programming, and more with [LinkedIn Learning](#) and [Microsoft Learn](#).

Libraries Are In Session!

School may be out for the summer, but libraries are open to students in person and online!

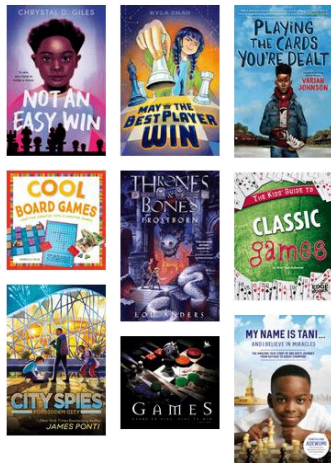

With a Sno-Isle library card or [Student Account](#), students can browse thousands of eBooks, digital audiobooks, and magazines on [OverDrive Kids](#) or [OverDrive Teens](#).

Popular digital comic books and graphic novels are available to borrow on [Hoopla](#).

Kids can read along with interactive picture books in English and Spanish on [BookFlix](#), which pairs fiction and nonfiction titles to enrich learning. On [LOTE4Kids](#), kids and families can access digital picture books in 70+ languages, accompanied by English translations.

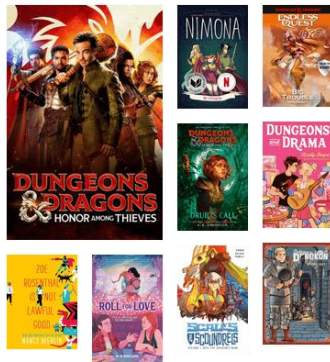

No Student Account? No problem! Register for a library account [online](#) or at [any of our locations](#).

Level Up Reading Lists

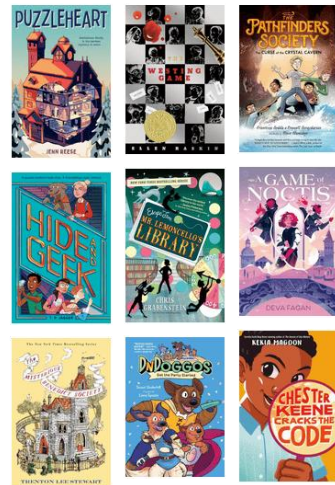

Play On!

Check out stories for game lovers! These books feature card games, board games, logic puzzles, and more.

Dungeons & Dragons

Travel to distant realms with fiction inspired by the magic, humor, and adventure of Dungeons & Dragons.

Stories as Games

In these middle grade stories, sometimes life is the biggest puzzle of all – and winning isn't everything.

Online Author Events

This summer, [sign up](#) to hear some of your favorite authors discuss their books. Author talks are recorded and available for classroom use later.
